¹ Households with a foreign-born householder are defined as foreign-born households, regardless of the nativity of the other household member.

² The data in this table do not include the population living in group quarters.

³ The majority of those born in 'Central America' are from Mexico.

⁴ In married-couple households, sub-region of birth refers to the householder.

⁵ No spouse present.

⁶ Households in which at least one member is related to the person who owns or rents the house (householder).
